Boogie & Swing Dance Camp ***2019***

In 2018 we became a little bit more "international" - and that seems to have been well received by all participants. In 2019, we want to provide you with "learning material" with the proven Boogie instructor team from 2018 and two "new, old" Boogie trainer couples to prepare you a "great menu". Yeah right! We will have five boogie instructor couples in 2019!

Look forward to the peppy Polish boogie siblings and the double boogie portion of Germany and Austria power! As always everything in a colorful mix with the usual "side dishes" of passion, fun, joy and a big pinch of joke!

The dance camp is organized by the NWRRV again in proven cooperation with the "Quibbles" Xanten (Tanzsportgemeinschaft Niederrhein e.V.).

The dance camp will take place on **4th and 5th of May 2019**

In the rooms/halls of the **Schulzentrum Xanten**
Landwehr 1 (ATTENTION: New address/approach!)
46509 Xanten

05.05.2019 from 09:30 AM to 03:30 PM

Our trainer for the dance camp:

Agnieszka Cherubinska & Grzegorz Cherubinski (Poland)

Although the siblings Agnieszka and Grzegorz danced a long time ago, in the year 2009 they decided to start their dance career together. At their first World Cup competition in 2009, they promptly reached the 5th place. As a participant of some TV shows and talent competitions, they also took advantage of several opportunities to spread and promote swing dance far away from the dance competitions. In 2016, at the height of their career, they decided to end their competitive career. In the meantime they have

danced the following achievements: European Champion 2016, Vice World Champion 2016, Winner of the World Master Series 2015, Polish Champion 2011-2016, World Championship Bronze 2011 and 2013, Bronze medal EM 2014, World Ranking Second 2016.

Meanwhile, they are spreading their own boogie-woogie style and the "new look of boogie-woogie" at many dance camps around the world. In addition to the combination of different dance techniques, this also includes the "extra polish touch", which ensures a unique dance feeling with a pinch of wit. So they are not only good dancers but also good trainers and masters of their trade!

Jessica Kaiser & Markus Kakuska (Austria)

Both have been dancing together for more than a decade now. They live and love the music of the 50s. Anyone who watched the programs "Die große Chance" and "Got to dance" on TV could already admire them as they danced to the final.

They belonged to the top couples in the world and are multiple national champions in Austria. Jessica and Markus are characterized by their liveliness, the talent to transform the music into motion and to give this to the audience.

Although they now have quit with dancing competitions, they are still busy in the coaching business. Stations included:

Russia, Ukraine, Austria, England, Switzerland, of course Germany and many more nations.

Andrea & Michael Günther (Germany/Moers)

Andrea and Michael already dance together for a felt eternity and for our "Boogie & Swing Dance Camp" they have been part of the instructor team for many years. The couples participating in their

lessons repeatedly enthusiastic about them as "emotional dancers", because they primarily communicate the enjoyment of life and the fun of Boogie and Boogie-music and how to transport it into the dance.

The "Schrünthers" (as they are also called in the national Boogie-scene) were members of the German Boogie-Woogie national team for many years - first in the main class and later in the senior class. As a competition couple, they repeatedly achieved the title of "Landesmeister NRW" and were also North

German champions. With her previous dance partner Andrea reached the titel as European Champion in Main Class.

At the moment they concentrate on prove out what things you can do with swing dancing. They always manage to thrill their viewers, especially in their shows and performances, because here they like to "romp around" in a particularly funny way, or enchant the audience with a very quiet and "smooth" performance, which can be quite far away from a classic Boogie-Woogie-show.

Elsa Köck & Andreas Aigner (Austria)

Elsa and Andreas are dancing together since 2009 and they are part of the Austrian national team since many years. Together they are both multiple Austrian national champions. In their joint dance career, the two have also collected more than 50 podium places in different countries.

They are currently among the top 20 in the world and have already danced some semi-final places - including the 12th place at the 2015 World Championchips. In terms of teaching technology, the two have worked not only in their own club at all levels in the past two years, but also they were regularly booked at national and international workshops.

Couple harmony, the fun together and especially the dancing to the music stands in the first place for Andreas and Elsa in dancing. Exactly these topics they also treat in their lessons, which should not only bring joy, but also challenge the participants in the dance.

Kerstin Engel & Johannes (Jojo) Hien (Germany/Bruck/Bodenwöhr)

Kerstin and Jojo did their first boogie-woogie steps in a basic course in 2009. Since 2012, they are also busy in the tournament scene. The rapid progress did not remain undetected for long, and since 2013 they have been an integral part of the German national team.

National they regularly land on the podium places - among other successes in 2017 they won the German championship. However, things are still going strong on the international stage too: they are regularly in the top 20 in the World Masters tournaments - but they have also been participants in the

semi-finals. Currently they occupy 15th place in the world rankings. As a coach, they have now been active at many well-known events in Germany in addition to their own club. We ourselves can be very proud of having "discovered" them as the first host for larger dance camps and workshops.

Organization

Training Groups/Levels:

The levels are clearly described and you have to align for them!

Nevertheless, as always, you have the opportunity to register separately for individual training lessons! This applies not only to the times listed as "lesson" in the timetable, but also to the special lessons held in parallel (exception: the special lesson "Making a show" for the show-battle in the evening at the party, which you can choose freely depending on your level).

On the registration platform (see link under "Registration"), please first make a general statement in which level you see yourself personally. This level is mandatory and should cause us to classify you in terms of performance. The levels are structured as follows:

Level 2:

Couples with safe Boogie-basic-steps and safe Boogie-basic. In Boogie-dancing you are currently hobby-/party-dancers.

Level 3:

Couples that master several basic-step-variants (for example, 4-, 6-, 8-, 9-steps) and have a large repertoire of figures. In addition to regular party visits you might also intend to dance shows or even competitions. In this level you should be safe in dancing to songs with about 46 bars per minute.

Level 4:

Show and competition (aspirant) level - couples who have stage- and/or competition-experience or intend to go into competitions. You like to "screw" on your presentation, the charisma and your intensified course and also master songs beyond 50 bars per minute.

Note

We point out once again that there will be no beginner-level 1!

Participants of the dance camp have to master at least the basics of Boogie-Woogie!

When registering on registration platform, you have to choose your first and second choice for your training lessons at each trainingtime (see colored lessons). If participation in a first-choice-lesson is no longer possible (maybe the group is already full), you will automatically be registered in your second-choice-lesson. If this group is full as well, we will contact you again.

This means: when you register quickly, you will have the best chance to get your choice-lessons. The Boogie-lessons will have a maximum number of 20 couples - in the special lessons, the number can be even higher.

IMPORTANT:

At registration it is still necessary that you pay attention to the level description when you choose your first and second choices! Please self-assess yourself and consider for yourself whether your second choice can be sometimes a level above or below. Depending on the content of the lessons, the transitions maybe can be "flowing".

PLEASE NOTE: PLEASE DO NOT EXCEED!!!

Training Contents:

Please take the training contents from the file "Temporarily Timetable - B&S 2019.pdf". This timetable is (as the name implies) preliminary - the contents may possibly change again (even at short notice).

The level-crossing units, the "special lessons" (marked yellow in the timetable), are from 2019 also planned as "choice units" **in advance** (exception: "Making a show") and must be indicated online when registering. So if you do not want to do a boogie lesson, you can choose between a special lesson in each time slot.

Dance Camp Cancellation / Reimbursement :

It sometimes happens that somebody has to cancel the dance camp at short notice. Please understand that the dance camp organization is associated with a certain cost and that we can only plan and organize the dance camp with a certain degree of financial security. This also means that we have to "catch up" (short-term) losses/cancellations financially.

By registering for the dance camp you accept the following conditions for a cancellation:

1. Basically, we can only accept cancellations made for health or business reasons. In such case, we need a medical certificate (in the original) or a official business certificate (with signature of the employer - in original) as a substantiated document.
2. If a reasonable (proportionate) repayment of the participation fee can be made (see nr. 3 to 5), then only the costs for the participation in the dance camp itself and the possibly paid entrance to the party can be reimbursed - not the amounts for the catering.
3. In case of a cancellation up to 6 weeks before the start of the dance camp, it is possible to reimburse the entire amount of the participation (dance camp fees + entrance fee) except for the retention of an administration fee in amount of 20, - Euro.
4. In case of cancellation up to 2 weeks before the start of the dance camp 50% of the participation fee (only dance camp costs + entrance party) can be refunded.
5. For organizational reasons: If you cancel within 2 weeks of the start of the dance camp, no reimbursement will be made.
